In our opinion and to the best of our information and according to the explanations given to us the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the company as at March 31, 2024, its profit and loss and its cash flows for the year ended on that date.

Basis of Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act (SAs). Our responsibilities under those standards are further described in Auditor's Responsibility for the Audit of Financial Statements section of our report. We are independent of the company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key Audit matters are those matters that, in our professional judgment, were of the most significance in our audit of the Standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on

these matters. According to the Standard on Auditing (SA) 701, reporting on key audit matters is not applicable to unlisted company.

Information other than the Financial Statements and Auditor's Report Thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon. The annual report is expected to be made available to us after the date of this auditors' report.

Our opinion on the Financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the relevant laws and regulations. Based on the work we performed, we have nothing to report in this regard.

Responsibility of Management for the Audit of the standalone financial statements

The company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation, and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations or has no realistic alternative but to do so.

The board of directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibility for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- (i) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (ii) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- (iii) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- (iv) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our

auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

(v) Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

The total cost of assets comprises its purchase price, freight, duties, taxes and any other incidental expenses directly attributable to bringing the asset to the working condition for its intended use and interest on loans attributable to the acquisition of assets up to the date of commissioning of assets.

Subsequent costs related to an item of property, plant and equipment are recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are recognized in statement of profit and loss during the reporting period when they are incurred.

An item of property, plant and equipment is de-recognized on disposal or when no future economic benefits are expected from its use or disposal. The gains or losses arising from de-recognition are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

g) Depreciation and Amortisation

Depreciation on Property, Plant, and Equipment is provided on written down value method at the rates arrived at on the basis of the estimated economic useful life of the assets. Depreciation is not charged on Leasehold Land. The useful life for plant & machinery is considered as prescribed in Schedule II of the Companies Act, 2013, representing the management's estimate of the useful life of these assets and following consistency with the previous year.

No.1, Ground Floor, Old Gupta Colony, D-Block, GTB Nagar, Delhi, 110009 Notes to financial statements for the year ended 31st March, 2024

Conversion

Monetary assets and liabilities in foreign currency, which are outstanding as at the year-end, are translated at the year-end at the closing exchange rate and the resultant exchange differences are recognized in the Statement of Profit and Loss.

Exchange Differences

All exchange differences are recognized as income or as expenses in the period in which they arise.

j) Retirement and Other Employee benefits

The Company's obligation towards various employee benefits has been recognised as follows:

Short term Employee Benefit

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Short term employee benefit obligations are measured on an undiscounted basis and are expensed as the related services are provided. Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period.

Defined Contribution schemes

The company's contributions to the Provident Fund and Employee State Insurance are charged to the Statement of Profit and Loss of the year when the contributions to the respective funds are due. Both the employee and the employer make monthly contributions to the plan at a predetermined rate of the employee's basic salary. These contributions are made to the fund administered and managed by the Government of India.

Defined benefits plans

The company has two defined benefit plans for its employees: gratuity and leave encashment. The cost of providing benefits under these plans is determined on the basis of actuarial valuation, carried out by an independent actuary, at each year-end. A separate actuarial valuation is carried out for each plan using the projected unit credit method which recognizes each period of service as giving rise to an additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. Actuarial losses and gain for both defined benefit plans are recognised in full in the period in which they occur in the statement of profit and loss.

k) Leases

Operating Lease: Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as expense in the statement of profit and loss on a straight-line basis over the lease term.

Finance Lease: Finance leases, which effectively transfer to the Company substantially all the risks and benefits incidental to ownership of the leased item, are capitalized at the lower of the fair value and present value of the minimum lease payments at the inception of the lease term and disclosed as leased assets. Lease payments are apportioned between the finance charges and reduction of the lease liabilities so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized as finance costs in the statement of profit and loss.

Inventories

CHUGH

Inventories are valued at cost or net realisable value, whichever is lower. Cost comprise all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition and is determined on first in first out ('FIFO') basis. Net Realizable Value is the estimated selling price in the ordinary course of business less estimated cost of completion and the estimated cost necessary to make the sale.

No.1, Ground Floor, Old Gupta Colony, D-Block, GTB Nagar, Delhi, 110009 Notes to financial statements for the year ended 31st March, 2024

However materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.

m) Taxation

Income-tax expense comprises current tax, deferred tax charge or credit.

Current tax

Provision for current tax is made for the tax liability payable on taxable income after considering tax allowances, deductions and exemptions determined in accordance with the prevailing tax laws. The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible.

Deferred tax

Deferred tax liability or asset is recognized for timing differences between the profits/losses offered for income tax and profits/losses as per the financial statements. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted at the Balance Sheet date.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

At each reporting date, the company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax asset to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred taxes relate to the same taxable entity and the same taxation authority.

n) Borrowing Cost

Borrowing costs to the extent related/attributable to the acquisition/construction of assets that takes substantial period of time to get ready for their intended use are capitalized along with the respective Property, Plant and Equipment up to the date such asset is ready for use. Investment income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are charged to the Statement of Profit and Loss.

o) Earning per share

Basic EPS

In determining earning per share, the Company considers the net profit / (loss) after tax and includes the post-tax effect of any extraordinary items. The number of shares used in computing basic earnings per share is the weighted average number of shares outstanding during the period.

Diluted EPS

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

p) Provisions, contingent liabilities and contingent assets

A provision is recognized when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to their present values and are determined based on management estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current management estimates.

No.1, Ground Floor, Old Gupta Colony, D-Block, GTB Nagar, Delhi, 110009 Notes to financial statements for the year ended 31st March, 2024

Contingent liabilities are disclosed in respect of possible obligations that have arisen from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of future events not wholly within the control of the Company.

When there is an obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are not disclosed in the financial statement unless an inflow of economic benefit is probable.

g) Cash and Cash equivalents

Cash and Cash Equivalents in the balance sheet comprise cash at banks, cash in hand, short-term deposits with an original maturity of three months or less, fixed deposits kept as security/margin money for more than 3 months but less than 12 months. Other fixed deposits, which can be withdrawn by the Company at any point of time without prior notice or penalty on the principal forms part of the Cash and Cash Equivalents. For the purpose of the statement of cash flows, cash and cash equivalents consist of cash in hand and bank balances, as defined above, as they are considered an integral part of the Company's cash management.

r) Impairment of Assets

The Management periodically assesses, using external and internal sources, whether there is an indication that an asset may be impaired. An impairment loss is recognized wherever the carrying value of an asset exceeds its recoverable amount. The recoverable amount is the higher of the asset's net selling price or value in use, which means the present value of future cash flows expected to arise from the continuing use of the asset and its eventual disposal. An impairment loss for an asset is reversed if, and only if, the reversal can be related objectively to an event occurring after the impairment loss was recognized. The carrying amount of an asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

s) Cash Flow Statement

Cash flows are reported using indirect method as set out in AS -3 "Cash Flow Statements", whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.
